

#SaveOshawaGM Update

The Black Friday campaign is on.

Starting now, we must show GM we're not going away without a fight. The black **Save Oshawa GM** t-shirts are now available at the Unifor Local 222 Union Hall. We're asking everyone to wear these on Fridays. The shirts are \$10 and all the money goes directly to the Save Oshawa GM campaign.

The t-shirts are an easy way to draw attention to **Save Oshawa GM**. All resources for our campaign are online at SaveOshawaGM.ca; @SaveOshawaGM on Twitter and Facebook, or through links on the Local's website, www.local222.ca.

These social media sites are the official Unifor Local 222 sites for accurate information about events and news for the Save Oshawa GM campaign.

Signs stating "If GM pulls out of Oshawa, this is the last GM vehicle I buy" are also available from the Union Hall and online. Take your picture with your vehicle. On the back of the signs are email addresses and the Twitter addresses for GM management. **Show the decision-makers in Detroit what you think of their plans for Oshawa. Public pressure does get results.** Give these signs to neighbours, friends, families and businesses that are presently loyal to GM and ask for their help.

In addition there will be lawn signs at the Union Hall everyone can take home to put in their yards, on their porches and balconies, in their windows and to share with neighbours, friends, families and businesses you deal with every day – the people whose future depends on GM as much as yours does.

**Come to the General Membership meeting on Thursday at 3 p.m.
Get your t-shirt and signs and voice your support of the
Local's leadership in the Save Oshawa GM campaign.**
