

# Robinson Cleaning Dept. Strike Deadline

## ***Sisters & Brothers:***

With a pending bargaining deadline of 12:01 am on Saturday, December 2, 2017, we are asking that all members continue to work as usual until instructed differently by the union.

We are in the process of bargaining and may negotiate past the deadline if we are close and feel that we can come to a tentative agreement that is acceptable to the membership.

This agreement would then need to be ratified by the membership in order for us to have a Collective Agreement and work would continue as usual.

As this is a new unit, the bargaining for your first agreement has been difficult but we are confident that Robinson will want to reach an agreement by the strike deadline.

***In Solidarity,***
