We continue to bargain on your behalf and will continue until the deadline at midnight on Monday, Oct. 15, 2018.

We will continue to bargain past the deadline if we are close to an agreement and ask that all members continue to work unless told otherwise by your Bargaining Committee via your Picket Captains.

The Captains are as follows:

Derrick Axhorn - Midnights

Mike Castilloux - B Shift

Tammy Boyd - A Shift

If a Tentative Agreement is reached prior to the deadline, we will have information posted in the plant.
