Dear Brothers:

On behalf of our GM membership at Unifor Locals 222, 199 and 636, please know you have our complete support as your members are forced onto the picket lines following General Motors' failure to bargain a new contract.

We are more than aware of General Motors' tactics when it comes to their disregard for our job security. It's great to see your members maintaining their solidarity despite the Corporation's heartlessness.

When we were bargaining in 2016, we knew we had the backing of Unifor and our communities. We lend everyone in Ingersoll our strength in hopes that this situation can be quickly resolved to the satisfaction of all involved.

In Solidarity,
